

# GET THE MOST OUT OF YOUR GOLDEN YEARS!

## THE GOLDEN BOOMER SAVINGS CLUB GIVES YOU STRATEGIES TO SAVE

If you are among the millions of Baby Boomers who have recently retired or are approaching retirement age, you may find yourself thoroughly confused when it comes to deciphering the complex rules governing prescription coverage under Medicare D.

You are definitely not alone.

Canada Med Services has developed a **Golden Boomers Savings Club** designed to help new retirees understand and create a strategic plan to identify potential savings as it relates to the high cost of prescription medications. Their trained staff members will review your prescription needs to help minimize or avoid the dreaded coverage gap known as the "Donut Hole."\*

As a nationally known mail-order prescription service with thousands of satisfied customers serving Sarasota since 2003, Canada Med Services works with certified Partner Pharmacies to provide the highest quality medications at budget-friendly prices. There are no contracts or minimum orders, and customers enjoy the convenience of home delivery and a cost savings of up to 75% off the cost of U.S. retail prices.

This year 2012 marks the first that the Baby Boomer generation becomes eligible for Medicare D, and there are bound to be many questions. Canada Med Services is ready to help. The Golden Boomers Savings Club provides important information on health issues via an online newsletter, as well as, a series of special events. Eligible members will also receive a quarterly \$10 coupon to be used for prescription orders.

Visit [www.discountprescriptionservices.com](http://www.discountprescriptionservices.com) and click on **Golden Boomers**.

\* Donut Hole - a phase of the Medicare D prescription drug plan whereby you are responsible for the cost of your prescription medications. This phase requires that you pay for your medications out of pocket for a portion of the plan.
